

## Harrah's Atlantic City | Aug. 5-8

Situated in the Marina District and overlooking Absecon Inlet, Harrah's Atlantic City is home to the hottest action in casino gaming and sports betting, more than nine bars and lounges and 13 restaurants and coffee shops.

The seaside city promises so much more than gambling and nightlife, including over 5 miles of boardwalk alongside the Atlantic Ocean, sumptuous spas, family-friendly activities, museums and championship golf.

Getting to Atlantic City can present some logistical challenges that attendees should be aware of before making travel plans. While Atlantic City International Airport is just 15 miles from Harrah's, it is only serviced by Spirit Airlines. Additionally, some larger carriers look like they fly into Atlantic City, but actually arrive in Philadelphia and then shuttle passengers to Atlantic City airport and then passengers would be responsible for booking additional transportation to Harrah's.

DAV is working with a local company to provide affordable shuttles from Philadelphia International Airport to our convention during peak travel times. Once details are finalized, we will post a link on the event webpage for attendees to make their shuttle reservations directly.
